

RATE R
RETIRED EMPLOYEE RESIDENTIAL SERVICE

AVAILABILITY

This rate is available for Retired Employee Residential Service taken on a continuous year-round basis at one point of delivery. Service may be taken for a shorter period subject to the provisions of the short-term service charge.

This rate will apply to retirees who retired prior to January 1, 1982. This rate shall apply on the single service where the retiree actually resides. This rate may also be applied at a retiree's seasonal residence that is used for the occupancy of the retiree.

CHARACTER OF SERVICE

Service will be single phase, alternating current, 60 hertz, furnished at one standard secondary distribution voltage as described in the Company's Handbook of Requirements for Electric Service and Meter Installations.

BASIC RATE PER MONTH

The retiree's bill will be computed using the basic rate below.

\$8.91	for the first 100 kWh or less
\$0.040222	per kWh for all kWh in excess of above

TRANSMISSION CHARGE

The transmission charges in accordance with Subsection 44.1 of the Terms & Conditions are included in the above rates.

CONSERVATION ASSESSMENT CHARGE

The conservation assessment charges in accordance with Subsection 49.1 of the Terms & Conditions are included in the above rates.

Effective Date: For service rendered on
and after March 1, 2012

Vice President–Controller, Treasurer & Clerk

RATE R
RETIRED EMPLOYEE RESIDENTIAL SERVICE

SHORT-TERM SERVICE CHARGE

Retirees who take short-term service will be billed for the first three months, or fraction thereof, \$26.73 per month in addition to the regular monthly electric service rate (including the monthly minimum charge). A customer will be billed for no fewer than three consecutive months of short-term service.

A credit equal to one-ninth of the amount of short-term service charges billed during the first three months of short-term service will be applied to a short-term retiree's bill for each month, or fraction thereof, that the short-term retiree's term of service exceeds three months. In no case will the total amount of such credits exceed the total amount of short-term service charges billed.

When seasonal service retirees take service for less than twelve consecutive months, they will be considered to be short-term customers and their final bills will be adjusted to include any unbilled short-term service charges and credits.

MINIMUM CHARGE

\$8.91 per month plus any charges due for short-term service. The retiree discount does not apply to the minimum charge.

SPECIAL CONDITIONS

1. Multiple Dwelling Units Served Through One Meter.

This rate will be applied on a per unit basis when more than one residential dwelling is served through one meter.

2. Loads of Intermittent, Irregular, or Occasional Use

Energy may be delivered under this rate for service to equipment which is used only intermittently, irregularly or occasionally, provided the Company's distribution facilities are, in the judgment of the Company, suitable for the service requested. Where such capacity and facilities do not already exist, the Company may require separately metered service for such loads.

Effective Date: For service rendered on
and after March 1, 2012
