

SECTION 49
EFFICIENCY MAINE TRUST ASSESSMENT

49.1 EFFICIENCY MAINE TRUST ASSESSMENT

The Efficiency Maine Trust assessment charge included in the Basic Rate Per Month section of CMP's rates schedules is provided below. The Efficiency Maine Trust assessment is charged on a kilowatt-hour basis. The rates presented below are applicable both to core rates schedules and to targeted rates.

The Efficiency Maine Trust assessment charge by core rate schedule is shown below:

<u>Rate</u>	<u>\$/kWh</u>	<u>Rate</u>	<u>\$/kWh</u>
A	0.005937	MGS-P	0.005937
AL	0.005937	MGS-P-TOU	0.005937
A-LM	0.005937	MGS-S	0.005937
A-TOU	0.005937	MGS-S-TOU	0.005937
IGS-S-TOU	0.005937	SGS	0.005937
IGS-P-TOU	0.005937	SGS-TOU	0.005937
LGS-S-TOU	0.005937	SL	0.005937
LGS-P-TOU	0.005937		
LGS-ST-TOU	0.000000		
LGS-T-TOU	0.000000		

Targeted Contracts and Programs:

The Efficiency Maine Trust assessment will be \$0.005937 per kWh for targeted rate customers taking service at distribution voltages. For targeted contracts and programs where the price in the contract or program less transmission and the electric lifeline program assessment is less than the applicable Efficiency Maine Trust assessment, the Efficiency Maine Trust assessment is the difference between the price in the contract or program on a per kWh basis and transmission and the electric lifeline program assessment.

Effective Date: July 1, 2024

Peter Cohen
